General Information

Short summary

A Romanian company manufactures high-end, unique, and small series women clothing based on the company's original designs. Products are manufactured using sustainable practices and natural materials in the following categories: shirts, trousers, jackets, coats, skirts, and dresses. The company is interested in identifying new suppliers for ecologically certified hemp, flax, and wool textiles, under supplier agreements.

Full description

The Romanian company was established in 2015 in Transylvania, as a high-end avant-garde fashion design brand. The brand's aesthetic is defined by clean, geometric cuts, organic textures, and experimental processes, with a strong focus on versatility and sustainability. The company's product portfolio includes ready to wear items in the following categories:

- Shirts
- Trousers
- Jackets
- Coats
- Skirts
- Dresses

Garments are manufactured using the company's own original designs and are available in small series and unique items. All items are exclusively produced in the company's studio by artisanal craftsmanship. Special attention is given to details to ensure excellent product quality. Natural fibres such as hemp, flax, wool, and cotton are used in the manufacturing process.

The company currently addresses the national and European markets. The firm's products are constantly showcased during fashion events around Europe including Paris Fashion Week, Fashionclash Maastricht, Feeric Fashion Week, Skopje Design Weekend etc.

Aiming to ensure an excellent quality of its products, the Romanian company seeks to expand its network of suppliers by identifying new international business partners able to provide ecologically certified hemp, flax, and wool textiles. Cooperation will be based on supplier agreements.

Advantages and innovations

The Romanian company is interested in long-term cooperation.

The company enjoys a good reputation on the national market for the quality of the products offered. This enables the company to place constant orders.

Cooperation with the Romanian company will enable potential partners to enter the Romanian market for women's clothing which is currently developing steadily.

Technical specification or expertise sought

Interested partners should be able to supply the following:

1. Hemp – ecologically-certified black and natural colour hemp textiles, undyed or naturally dyed, in different thicknesses. The company will place orders of approx. 200m every three months.
2. Flax – ecologically-certified black, pastel, and natural colour flax textiles, undyed or naturally dyed. The company can place orders of approx. 200m every three months.
3. Wool - ecologically-certified black and natural colour woolen textiles, undyed or naturally dyed, medium to high thickness. The company can place orders of 100-200m every three months.
