The company is a leading professional manufacturer of frequency control products founded in 1990, specializing in SMD quartz crystals and oscillators.

Their production activities are certified: ISO 9001, ISO 50001, ISO 14001, ISO 45001, IECQ QC080000, IATF 16949 & AEC-Q200 Qualified and involved in the application following: Automotive, Medical, IoT, Networking & Communication Security Systems, 5G Wi-Fi 6.

Full description

Our supply channel is organized for efficiency and practicality. All sales, administrative, and customer support groups are located in Taipei, R.O.C., Hong Kong, Shenzhen, China., and Miami, Florida. Our manufacturing facility is located in Taichung, Taiwan. All products are shipped directly to the customer or through Taiwan, Hong Kong, or Miami offices. Sales Representatives and Distributors are located worldwide to offer technical and sales support to our customers. Our manufacturing facilities in Taiwan and China utilize state-of-the-art equipment. All production, calibration and test facilities are completely automated. Each facility is ISO 9001 certified. We are a publicly held company traded on the Taiwan Stock Exchange.

What sets us apart is our flexibility, commitment, reliability, and proven performance to all our customers.

Advantages and innovations

They have evolved over the past 30 years to deliver one of the widest ranges of frequency control products available and have been supplying parts to OEM companies and Tier 1 customers through distribution and doing business directly as well.
